## Glam ROCK

THE SEASON'S BIG MESSAGES COME TOGETHER IN NUDE LIPS, STATEMENT NAILS AND MEGAWATT EYES. OUR FEARLESS STYLE DEB, SINGER **JANELLE MONÁE**, WORKS THEM ALL!

She burst onto the scene with her retro pompadour, sugar-sweet smile and an effervescent beauty that recalls a young Lena Horne in her heyday.

We were smitten with Janelle Monáe even before we heard her give new meaning to the term "song stylist" on her debut release, *Metropolis: The Chase Suite*. She mixes it up like no other with an eclectic blend of blues, funk and pop. All it took was a look at her and her adventurous attitude, and we knew this muse could bring our fantasy of an edgy holiday to life.

## AMAZING LACE

Lace equals luxe, especially as a daring pair of lashes, like **Shu Uemura's** Limited Edition Black Gown, shown here. For a chic finish, pair with **Lorac Sparkle Pencil** in Midnight Sparkle and **Shades by Barielle Nail Polish** in Date Night.

On previous page, metallics set the scene. Sweep upper and lower lids with **Chanel** Limited Edition Les 4 Ombres Quadra Eye Shadow in Beiges de Chanel. Lips glisten with **Nars Lip Lacquer** in Chelsea Girls, while nails sparkle in **MAC Nail Lacquer** in Yes. ▶

## JET SET

Smoky hues become supercharged with shimmer and unexpected tones. Use **Shu Uemura** Instinct Fall Mode Makeup Limited Edition Duo Eye Shadow in Mystifier and **Lancôme** Le Crayon Khôl Kajal Smoky Eyeliner Pencil in India Ink from corner to corner to work the look.

Glaze nails in **Sally Hansen** Salon Nail Lacquer in Wine Not?
